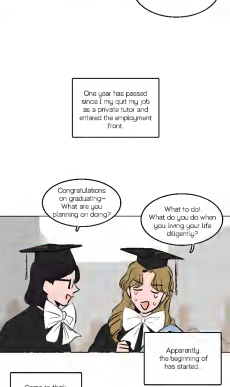
One year has passed since I my quit my job as a private tutor and entered the employment front.



Congratulations on graduating~ What are you planning on doing?
What to do! What do you do when you living your life diligently?
Apparently the beginning of has started...

You know. Teach. Every time you stay home, you get sick.
You know. Who knows?
If you get a little exercise and eat some food on time maybe you won't get sick.
Look. I get dressed everyday.
So I don't get dressed.
Again and again!
Did you know. Ha-yeong is going to college?
Ha-yeong? Ah. Bang Ha-yeong?

Hmm?
Don't you keep in touch?
No. It's been a while. Wow. I haven't seen her in a long time.

We naturally lost contact when I graduted high school. 3 years ago. She is going to college?

I suppose

Time is flowing fast for someone.
I seem to have remained the same for years.

Teach. you going to sleep?

If you want to sleep well, cover up with the futon.
I wanit sleep. just resting

I put the rest of the stew in the fridge. so eat it tomorrow!
Don't starve. Alright?
Yeah
Gang Ye-na is visiting my house almost every day now

I want to have my own space for awhile so I understand myself mentally
Solely

The problem is that it's uncomfortable

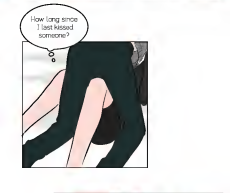
Ah Really, I hate everything

You do not want to drink with someone like me do you?
Teach drink water
Don't drink too much alcohol
You're going to be hungover
I... don't want anyone to live like this
I'm wasn't born in the world with money, why should I have to earn it!

I hate myself.

I hate you, too.

I wonder why you keep popping up in my mind?



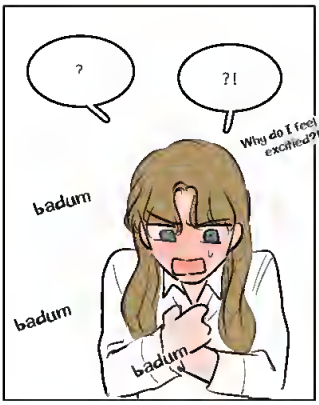
Ugh I must be crazy hey, dont get me wrong!
Yeah, there's gonna be a lot of confusion isn't there?
I was mistaken for a moment because my eyes were blurry
You know, I was crying and my eyes are swollen I mean it really
What..

"I don't like it at all."

Yun! Teach, why did you drink like this? You're also a nurse
Yah.. You really came to me? Director Cang! You really came here?
Yeah, Stand up (Director Cang Hyeok)

"Then, Teacher, I won't call you that anyone"

It's nothing to worry about. This is



It's pretty small, but it's pretty obvious

It was the beginningof love

(End)

+ Yun barely passed the interview
Thank you...
